EKSHASHTI CELEBRATION 1947-2008

BE READY FOR FUTURE TEST...

The pensioners have right of pension

Heads of Government cannot deny pension

Always let us be alert and unified

Nobody can ignore us when unity is maintained

Else pensioners will suffer a lot

Catch the oportunity and get the benefit

Organise yourself in Association

Never you will get frustration

Flourish the organisation by all means

Remember strength lies in your hand

Energise your friends and collegues to be solid

No one can take away your welfare

Concentrate on your own luck fair

Engage yourself for social and Association work

That will settle the future task

There is solution to your problem, if you are united

Hold your Association to achieve the good you desire

Association is only way to become strong

Never go any other path leading your wrong

Express your views clearly and fearlessly

Co-operate your organisation peacefully and firmly

Otherwise there is a danger to loose the benefits

No one will help us in case of difficulties

For God's sake maintain unity and solidarity

Everyone should be forward in support of activity

Resourses should be found to strengthless the Association

Each one of you should join without hesitation

Negative thinking will cause frustration

Come together and you will find relaxation

Ever be successful in your agitation

Join AICGP Association and get satisfaction
